TelUPay and Celluserv complete prepaid mobile airtime pilot in Guam; now moving forward to full rollout in Guam and Micronesia.

NEW YORK, Oct. 27, 2014 /PRNewswire/ -- TelUPay International Inc. (OTCQB: TLPY), through its Dubai subsidiary, TelUPay (M.E) FZE, has successfully completed its pilot program testing its secure, electronic, Prepaid Mobile Airtime system servicing the Micronesia region. Celluserv utilizes TelUPay's PIN distribution system with a direct interface to Mobile Network Operator (MNOs) systems, to electronically distribute prepaid mobile airtime.

The live pilot was conducted from March through June 2014 in seven Payless Supermarket locations with Docomo Pacific, the largest MNO in Guam. The pilot was very successful with TelUPay's service now accounting for 35% of the prepaid mobile airtime transactions.

"We are very pleased to see such a positive response as Guam residents gain confidence with TelUPay's prepaid mobile airtime service," states Mr. Adrian Ansell, CEO of TelUPay. "Celluserv and TelUPay plan a full rollout of the service to Guam retailers once the NCUA approves the service; such decision expected in November 2014."

"The customized product developed by TelUPay will substantially reduce costs for retailers and MNO's while providing a great convenience to consumers," states Mr. Ron Schnabel, President of Celluserv.

About Celluserv

Celluserv (Guam), is a distributor of Prepaid Mobile Airtime servicing the Micronesia region. Celluserv's goal is to replace the costly plastic pin-based, scratch cards with TelUPay's prepaid mobile airtime service where consumers either use a PIN-based receipt for self-loading or a direct eLoad of airtime to their mobile number with SMS confirmation. Retailers have the option of selling airtime either through an EPOS terminal or directly from an Android or iOS mobile phone.

TELUPAY PARTNERS WITH PHILIPPINE BANK UCPB.

TelUPay International Inc. (OTCQB: TLPY) - Providing secure mobile banking and payment solutions for the developing world.

NEW YORK, Oct. 29, 2014 /PRNewswire/ - TelUPay International Inc. (OTCQB: TLPY) has partnered with the United Coconut Planters Bank of the Philippines (UCPB) and has commenced a marketing campaign to promote its mobile phone banking service. The campaign started with a very successful three-day event on Sept 4-5 & 11th, 2014, showcasing the features and advantages of UCPB's mobile phone banking service. The campaign is a marketing effort by both UCPB and TelUPay to increase enrollment and usage of the service and to highlight the convenience and secure way of conducting balance inquiries, fund transfers, bill payments and purchasing mobile airtime.

The campaign targets UCPB's corporate payroll arrangements and shall be conducted on a regular basis over the coming months. "TelUPay is excited to work with UCPB in promoting its mobile phone banking service to upwards of a million clients and looks forward to the upcoming series of roadshows to assist UCPB in rapidly building its mobile phone banking subscriber base," states Mr. Adrian Ansell, CEO of TelUPay.

UCPB is one of four major commercial banks in the Philippines using TelUPay's mobile banking and payment solutions. With its white-label banking clients in the Philippines, TelUPay generates revenues between US \$0.25 and US \$0.50 a month or roughly US \$3.00 to US \$6.00 per year from each active mobile banking subscriber. TelUPay expects to see this revenue increase over time as subscribers use more mobile financial services.

About UCPB

UCPB is one of the largest Philippine banks, with 188 branches and 290 ATMs, and is a leading provider of financial products and services to corporations, government institutions, SMEs and individuals throughout the Philippines. UCPB has expanded its electronic banking capability with telephone banking, Internet banking and mobile banking facilities. UCPB has always been at the forefront of customer service innovations and was among the first banks to introduce an ATM service in the 1980s. In 1991, it took the lead with three other banks in organizing Megalink, the Philippines' first shared ATM network.
